Hanwell Conservation Area Appraisal

- Conservation area status is awarded to places that are deemed to be of 'special architectural or historic interest'. The intention of designating a conservation area is not to prevent change or development but to positively manage change in order to protect or enhance the special character and appearance of an area.
- The draft conservation area appraisal and management plan is the third review of the conservation area boundary and Hanwell Conservation area, which was first designated in 1985 and last reviewed in 2007.

The 2007 Conservation Area boundary has been reviewed, and three changes are proposed.

We would like to hear your views.

The consultation runs from:

Monday 9 February 2026 – Monday 23 March 2026

The draft appraisal can be viewed from 12 noon Monday 9 February at:
